

Volume 18 number 3 December 15 2016

Dear Lake neighbor,

It is time to renew the lake maintenance contract with Aquatic Systems, effective January 01, 2017. Fortunately the contracted rate has remained the same, however I have had to adjust individually support request to take into consideration those property owners that do not offer any financial support.

MAINTENANCE CONTRACT FEE REQUEST: \$310.00

In 1992, the very first contract, everyone participated. Last year, when only 10-of-15 homes participated (counting ours), my subsidizing (making up the difference myself) was significant. Earlier this year, I contact property owners and two neighbors have come back onboard..... Thank you! With this, a total of 12 homes hopefully will contribute this next year, and splitting the cost comes to \$310 each, down from \$372 (estimated using last years participation numbers).

Should additional neighbors offer to contribute, *even if only partial*, I thank them. Any overage amount collected will be refunded appropriately to all participants.

It has been an up-hill battle keeping up the quality of the lake, and over the past couple of years, Aquatic Systems have regained control via a number of treatment methods. Maintenance has very much improved.

Regarding recent City of Largo drainage update activity, I have personally contacted the City of Largo requesting information and expressing my concerns. To date, I have had only minimal feedback.

Thank you for your participation, and I wish you all *Happy Holidays!*

Kurt

YES, I want to continue / begin my assistance with the yearly "Lake Maintenance Contract" in order to continue the beauty of my surrounding property. I am enclosing my contribution of \$310.00. I understand that if all collected money is over the amount needed to cover the yearly contract price, the excess will be returned to all those who have contributed.

YES, however I cannot afford it at this time. I will contribute as much as I can at a later date.

NO, I do not care to join the others in keeping our lake clean and beautiful.
