Volume 3 number 2

\$0.00 U.S.

17 October 1999

## **We need your help**

Recently, you received a request to help keep our lake clean by paying a share of the yearly maintenance cost of the contract we have had for the past years. I had requested your response by October 15.

Since I have not heard back from you, either yes you will contribute, or no you don't wish to contribute, I can only assume that your answer is no.

As of this letter, you are one of six residents who have not responded. Without your support, I feel that we can no longer continue with the program and will regret watching the lake become clogged with weeds as before.

As this would have been the sixth year for this contract with Aquatic Systems, Inc., it was hoped that everybody would again pitch in a portion on the cost for next years maintenance. Last year, all but four lakeside residents participated..less than the previous year. This year, we have lost even more participants (one has come back into the program this year).

The cost to renew the contract has stayed the same - \$1488 per year, or \$124/month. Last year, I requested \$124 from each resident and receipts led to a shortage of \$124 which I paid for out of my own pocket. Anticipating that only eleven residents contribute, as last year, I am requesting \$135.00 to cover the cost of the yearly contract.

As before, if there is an excess, I will refund individual shares of the overage to each contributing party. The anniversary date of the contract is November 1st, 1999.

**If you do wish to participate, and simply forgot, please contact me ASAP as I plan to cancel the contract at the end of this month. If you wish to make multiple payments, that is possible too, just give me a call.**

*Again, thanks for your participation and cooperation.*

**Call me ASAP!**

YES, I want to continue / begin my assistance with the yearly "Lake Maintenance Contract" in order to continue the beauty of my surrounding property. I am enclosing my share, as a lake side property owner, of \$135.00. I understand that if all collected money is over the amount needed to cover the yearly contract price, the excess will be divided and returned to all those who have contributed.

NO, I do not care to join the others in keeping our lake clean and beautiful.

Signed \_\_\_\_\_ Date \_\_\_\_\_

On behalf of all those who have been so proactive on keeping our lake clean, I wish to thank you all for your support and contributions.  
Kurt M. Klotz

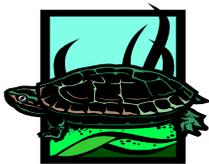

**Do we want this in our back yards?**

Sorry for the quality of the picture but this was a Poloroid taken prior to the start of the maintenance program.

The lake had become complete full of a weed called "Southern Niad" which all happened in less than a year.

Since the weed had become so dense, the natural circulation of water was effected which caused terrible algae and starvation of oxygen of the watalife. I became nearly impossible for the Tur-tles to travel through the dense growth.

Please don't let this happen again.
