Dear Lake Neighbors,

It is time again for consideration of renewing the maintenance contract on our beautiful back-yard lake.

As you are aware, last year, there was a change in treatment plans causing a significant increase in the monthly charge. The result, however, was that the problem with algae was brought under control, and we have had a clear lake throughout the entire year, something we have not had for the past number of years.

I spoke with the maintenance company, requesting that they consider not increasing their rate, and they have agreed, meaning there will not be any increase in the cost, should we renew the contract.

I hope that you all will agree that we continue with the service, knowing that without on-going control, the lake quickly can turn to an unsightly, smelly mess. Whereas last year, three residents did not participate, a good resident kindly contributed additional funds to cover one, and I covered the other two, besides my own share.. I truly hope that everyone can find a way to participate this year.

Please, if you do not desire to contribute, please indicate as soon as possible.

Kurt

Dear Kurt:

The anniversary date of your **Aquatic Systems, Inc.** waterway management program is **January 1, 2015**.

Under the terms of your "automatic renewal" agreement, **A.S.I.** will extend your program for an additional twelve months.
