

Volume 18 number 2

May 15, 2015

Dear Lake Neighbor,

I assume that you are happy that our lake is no longer half-covered with algae, and is again an asset to our property value, and simply enjoyable to look at. It is great to see some of you outside feeding the turtles/fish and simply enjoying your backyards.

Late last year, I made a decision to arrange for a more expensive treatment plan for controlling the algae problems our lake had been experiencing the past few years. This decision was after more than a year of research and negotiations with our current maintenance company, and after reviewing others. This new treatment proved successful, and has keep it under control since.

Whereas most lake-side neighbors have offered their financial participation of this contract, I sincerely ask that you reconsider any financial support that you may able to provide.

The total yearly cost was divided equally across all lake-front properties. I am responsible for covering the cost of all those who do not participate (x4 properties currently outstanding, besides my own). I encourage you to please consider offering anything you are able to, even if not the full amount.

Kurt (After 18 years, I am open to passing this torch to you if you are interested?)

**RE: Account #1350-2
Notice of Automatic Renewal**

Dear Kurt:

The anniversary date of your **Aquatic Systems, Inc.** waterway management program is **January 1, 2015**.

Under the terms of your "automatic renewal" agreement, **A.S.I.** will extend your program for an additional twelve months.

We are pleased to report that your resource management program for care of your waterway system has been successful; therefore, we are extending our scheduled visits for the next successive twelve months at the **SAME** investment: \$310.00 Monthly.

If at any time during the term of this Agreement the government imposes any additional related permit requirements, water testing and/or fee, this Agreement may be renegotiated to include these changes and the cost of the additional services and/or fees. If a renegotiated contract can not be agreed upon **ASJ** reserves the right to cancel this Agreement.

If you have any questions regarding your waterway program, please give me a call on or before **December 1**. Otherwise, no action is required at this time and your contract will renew automatically on **January 1**.

We appreciate your business and look forward to another successful year ahead!

Sincerely,

Douglas Agnew
